

MBX80

Only white or black models available in U.K.

MBX80

MODEL: 1983 MBX80FWD-D

TYPE: Lightweight Sports

COLOURS: Black or White

AVAILABLE: February 1983

KEY FEATURES

- 9.6PS, high-performance 2-stroke engine with maintenance-free Capacitor Discharge Ignition and 6-speed transmission.
- Liquid cooling maintains efficient engine temperature anytime, enhances stable, high-power output.
- Engine balancer-equipped to smooth irritating 2-stroke vibration. First ever in the 80cc class.
- Full 12 volt electrical system gives powerful lighting, improved daylight recognition.
- Revolutionary Honda Pro-Link single damper rear suspension for unbelievable road holding, unbeatable ride comfort.
- 18" wheels and full size frame and appointments put you in the big-bike class.
- Lightweight, no-maintenance New ComStar wheels perform as well as they look.
- Twin, hydraulic front disc brakes with dual piston caliper well balanced by dependable leading/trailing rear drum.
- Futuristic flow-through tank/side cover/rear cowl design. Rear cowl features convenient storage compartment.
- Robust, good-looking rear carrier takes a load with ease, keeps your gear safe and secure.
